Wood Finish Maintenance

As with all fine finishes, care should be taken to protect the finish from sharp, unprotected objects. The top coat has a natural characteristic to repel the most common liquids used around wood components, yet spills or soil marks should be cleaned up immediately to avoid moisture seeping into open-pore areas. Please note that constant polishing and cleaning of the finish may raise the sheen level, whereas neglect in cleaning will dull and possibly abrade the finish.

PVC Edge Colors

PVC edge may be specified in lieu of laminate self edge on select connecting and occasional tables. A limited number of color options are available which closely, but do not exactly, match the Encore solid laminate finishes. All standard colors are listed below and are available at no upcharge.

Black	Wallaby
Nubian Brown	White
Slate Grey
