

Memento Task

The work-ready addition to the Memento Conference/Executive series, Memento Task embodies everything that has come to be expected from its high-back counterpart while incorporating convenient, task-oriented features such as a height adjustable back and multifunctional chair controls. Offered fully upholstered – with or without a channel back design – or with a knit suspension back.

5643-K-20

Desert Sand knit suspension model features independent seat and back angle adjustment, tension control and adjustable back height. Pictured with chrome adjustable t-arms and optional polished aluminum base.

5693-U

Fully upholstered task chair is equipped with tension control, multi-position tilt lock, adjustable t-arms and adjustable back height.

5654-K-12

Chocolate Brown knit suspension model offers tension control and adjustable back height. Shown with signature cantilever arms and optional polished aluminum base.
