

Nexxt

Versatile in nature and playful in design, Nexxt complements a wide array of work and waiting applications. Nesting chair features a flip-up seat for infinite nesting capabilities and can stack up to four high standing to allow for quick and easy storage.

Both arm and armless models nest together seamlessly, providing flexible convenience within a small footprint.

3210-P-32

Soft White Polypropylene back stack chair with black frame finish and glides.

3215-S

Stackable fully upholstered guest chair with signature cantilever arm, Metallic Silver frame finish and casters.

Accompanying guest chairs feature ganging and stacking functions yet work exceptionally well on their own. Select from arm and armless models offered fully upholstered or with a Polypropylene back available in eight colors.

Optional ganging device

With or without arms, on glides or casters, nesting stack chairs stack up to four-high from the floor.

3115-P-32

Armless nesting chair with Soft White Polypropylene back and Metallic Silver frame finish.

Comprised of a full family of seating styles, including stackable nesting chairs with flip-up seats and stackable guest models, Nexxt redefines versatility with a playful yet functional appeal.

2500

Optional dolly accommodates up to five guest chairs and provides convenient maneuverability for storage.
