

 Encore

Raising the benchmark in design, comfort and flexibility, Encore is a leading provider of options oriented, value-driven seating products for executive, conference, task and multipurpose seating applications.

Offering standard lead-times of two weeks or less, an extensive 48-hour Quick-Ship program, as well as partnerships with some of the most widely recognized textile manufacturers in the industry, Encore is well equipped to satisfy requirements for a host of applications, ranging from corporate offices to educational institutions, hospitality, healthcare facilities and more.

With organizational ties to Arcadia, which has manufactured executive, conference, task and lounge seating for over thirty years, Encore is able to draw upon an extensive knowledge base of product design, engineering, sales and service, all the while maintaining competitive pricing and a lifetime warranty on all seating components.

As a matter of corporate philosophy, Encore is committed to intelligent environmental practices. Standard recycling procedures and ecologically sensible policies have been implemented throughout all aspects of our operations/facilities, including as it relates to new product development and project management. Furthermore, we insist on a similar operational philosophy from our vendor-partners.

In accordance with our ongoing efforts to develop and manufacture products that positively contribute to healthy environments, Encore has completed testing for Indoor Air Quality certification, achieving SCS Indoor Advantage for the majority of all Encore products as well as select task models under the Encore On-Q brand.

We will continue to strive toward being a leader in the practical application of current and future technologies that will protect our environment today, and for future generations to come.
