

Customer's Own Material

Fire Resistance

Encore manufactures all of its chairs to comply with California Technical Bulletin #117 (Cal TB-117). If Customer's Own Material (COM) is specified, Encore is not liable for said COM fabric's non-compliance with Cal TB-117.

Certain jurisdictions require the use of additional fire retardants such as regulation California Technical Bulletin #133 (TB-133). All Encore models are available with the option to meet TB-133, with the exception of polypropylene stack chairs and knit-back models.

When ordering, please clearly specify your request for TB-133 compliance and refer to specific product pages for upcharge.

Customer's Own Material

Encore allows customers to furnish their own upholstery material for any order. Please use Grade 1 pricing for COM fabrics, Grade 3 pricing for COV vinyls and Grade 5 for COL leathers. Yardage requirements are indicated on the price sheets for each chair model. All COM must be approved by Encore prior to scheduling. Collect shipments will not be accepted. Please furnish a sample cutting with the original purchase order so that identification can be verified.

COM's should be shipped prepaid to:

Encore Seating, Inc.
13747 Midway Street
Cerritos, CA 90703

Encore cannot be responsible for defects, color inaccuracies, dye or lot variations and other flaws and suggests our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM shortages, flaws or other such problems.

Fabric Application

COM fabric is cut "up the roll" as a standard cutting procedure (see chart below). Customer must specify that the fabric be cut in another direction (i.e. "railroaded") if required.

It is imperative that all COM fabrics sent to Encore be "backed" with, at minimum, an acrylic or similar backing. We cannot be responsible for stretching of fabrics that are not backed subsequent to upholstery process.

Yardage Requirements

COM yardage requirements shown in this price list are based on using fabric which is plain (i.e. non-directional) and a full 54" wide. Fabrics of narrower widths and/or that involve matching repeats will require additional yardage. Use the chart below to determine the necessary additional yardage for both directional fabrics and narrow width fabrics.

If you are using a printed or striped fabric with a repeat, use this table:

| <u>Fabric Repeat</u> | <u>Increase COM Requirement by:</u> |
|----------------------|-------------------------------------|
| 4.9" and under | n/a |
| 5" — 10.9" | 12% |
| 11" — 15.9" | 18% |
| 16" — 20.9" | 21% |
| 21" and over | 24% |

Yardage requirements may be less than indicated on large quantity orders. Contact Customer Service with specific chair quantities for exact yardage required. If you are using a plain fabric less than 54" wide, contact Customer Service for assistance.
