## Introduction

Encore provides affordable, options-oriented seating products for today's business environment. Designed with both functionality and visual appeal in mind, all of Encore's executive, management, conference and task chair products are offered with a comprehensive choice of ergonomic capabilities, chair controls, arm selections, base styles and upholstery options while maintaining a stylish aesthetic for design-savvy customers. Encore's fun yet functional attitude, enduring commitment to new product development and responsive approach to customer service continues to solidify Encore's reputation as a leader in the contract seating industry.

This price list contains all relevant instructions, conditions of sale and shipping information to facilitate the ordering process. Additionally, our Customer Service staff and Sales Representatives are available to assist with any questions you may have.

## Prices

The prices indicated in this price list are for standard Encore products. This price list supersedes any previous price lists or supplemental price lists. We reserve the right to modify prices without prior notification.

## Terms

Net 30 days to credit approved accounts. The customer will be liable for any costs incurred in attempting collection of past due amounts, including collection and/or attorney fees. Past due accounts are subject to a 1% late charge for each month after 30 days.

## Credit

A line of credit may be established upon acceptance of satisfactory references, including the completion and signing of our Credit Application Form. All new customers are required to remit 50% of the invoice amount with the placement of the purchase order, with the remaining balance due prior to merchandise release for shipment.

## Order Acknowledgment

Encore will acknowledge each order. Upon receipt and review, contact Customer Service immediately regarding any discrepancies or variances from the original order.

All orders are scheduled for shipment upon final acceptance of the order by the factory.

Purchase orders placed by telephone will be accepted, but will not be scheduled for production until a written, signed confirmation of order is received. Fax transmission of purchase orders will be accepted. **Fax: 562.926.1963**

## Order Changes and Cancellations

Encore must approve all order changes. Additions or changes to acknowledged orders may be subject to rescheduling of order. Cancellations, partial or otherwise, may be subject to cancellation charges or restocking fees. Contact Customer Service for applicable charges.

## Claims

Do not refuse merchandise damaged in transit. All shipments are delivered to the transportation company in good condition. Encore's liability ceases at that time. If shipment arrives damaged or short, you should first inspect all cartons immediately and note any visual damage or shortages on the delivery receipt. The carrier should be notified immediately to inspect the merchandise and subsequently file a freight claim. If visual damage is not apparent, sign the delivery receipt "No Visual Damage". This will allow recourse for a concealed damage claim. Claims for freight damage, concealed or otherwise, must be filed within 15 days of original delivery date.

Do not destroy packing materials until shipment has been inspected by the carrier. Failure to make claims against Encore or its designated carrier within 10 days shall constitute acceptance of the merchandise and a waiver of any defects, errors or shortages discovered upon inspection. Please see below for detailed instructions if a problem exists at time of delivery.

## For your protection it is imperative that you read this notice.

The merchandise you receive has been inspected at our factory to ensure that it is of the highest quality and in perfect condition prior to being shipped.

Reference this page and check the following upon receipt of merchandise.

1. Any items/cartons missing? Be sure that you have received the same number of cartons as appears on the delivery receipt. Make note of the cartons missing on the delivery receipt before you sign it.
2. Any items damaged? No matter how slight, all damage to items/cartons should be noted on delivery receipt before you sign. Do not sign or accept merchandise until you have checked all cartons thoroughly. Do not refuse shipments that may be or appear to be damaged.
3. Immediately after delivery, all cartons should be opened and all merchandise inspected for damage. Items may be damaged in transit, even though outer cartons do not show damage.
4. Contact the carrier who delivered the merchandise, in writing, immediately, if any damage is found. By law, any concealed damage must be reported in writing to delivering carrier within 15 days.
5. All cartons must be saved until the freight carrier has made an inspection.
6. If damage or loss claim is necessary, enter said claim with the motor carrier. The carrier's inspector will supply the necessary forms or you can use the standard form for presentation or loss and damage claim.
7. If you need assistance in filing a claim, please contact Customer Service.
8. If incorrect merchandise is received, please contact Customer Service.

# Terms & Conditions

## Returns

Encore must pre-approve and issue a Return Authorization prior to any product being returned to the factory. Any unauthorized returns, should they appear at our factory, are automatically refused and they become the responsibility of the shipper and the carrier involved. Please contact Customer Service before returning any merchandise.

In order to resolve the problem at hand as rapidly as possible, please include all information pertinent to the problem. The most pertinent information required is:

1. Reason for return
2. Invoice number
3. Product code numbers
4. Copy of your Purchase Order

Upon receipt of your request, we will issue proper return authorization or furnish you with instructions in order to settle this matter to your complete satisfaction. Your complete cooperation is most necessary and sincerely appreciated.

## Storage

Due to limited storage space, orders will be shipped when completed. On orders for which payment has not been received, the merchandise may be shipped to storage facilities at the customer's expense.

## Product Design

We reserve the right to alter or discontinue certain product designs and/or materials without notice to facilitate improvements in design, construction and functionality.

## Ordering Procedures

To avoid unnecessary order entry delays, please be sure that each order specifies the following information:

1. Quantity
2. Model number
3. Item description
4. Fabric (including any special instructions)
5. Shipping destination and/or instructions, if any
6. Purchase Order number
7. Signed Purchase Order
8. Special instructions, if any
9. Options, if any

## Sustainability/SCS Certification

As a matter of corporate philosophy, Encore is committed to intelligent environmental policies and practices. Standard recycling procedures and ecologically sensible policies and practices have been implemented throughout all aspects of our operations/facilities, and as it relates to new product development and project management. Furthermore, we insist on a similar operational philosophy from our vendor-partners.

In accordance with our ongoing efforts to develop and manufacture products that positively contribute to healthy environments, Encore has completed testing for Indoor Air Quality certification, achieving SCS Indoor Advantage for all products featured within this price list.

By attaining SCS Indoor Advantage certification, we not only meet the criteria of BIFMA M-7.1 and X-7.1 (low-emitting office furniture systems and seating) but also the LEED-Commercial Interiors EQ 4.5 credit for Indoor Air Quality of office furniture. In addition, our customers and affiliates gain the added assurance that Encore's product offering is held to such rigorous standards.

We will continue to strive towards developing products that positively contribute to healthy environments, as well as set new benchmarks for making sustainable improvements in all areas of our business. A representative example of other in-force measures Encore employs to support intelligent environmental policies include:

- Ensure product life-cycle longevity and non-obsolescence via the design, engineering, and manufacturing processes and subsequent product refurbishment and re-use potential.
- Design products and/or re-engineer existing products to maximize the use and/or re-use of recycled or recyclable components and sub-parts.
- Specify and utilize 'engineered pre-cut' foam, which eliminates virtually all on-site scrap foam waste.
- Increase the use of recyclable materials as appropriate for all general office, marketing, manufacturing, and shipping applications.
- Eliminate use of any non-recyclable packaging materials.
- Utilize alternative shipping methods such as 'blanket wrapped delivery' whenever possible as well as consolidate freight to reduce overall fossil fuel consumption and carbon emissions.
- Minimize the generation of, recycle, and/or ensure the proper disposal of all office-generated waste materials.
- Contract for the external use of scrap leather cutting remnants.
- Donate outdated product marketing and collateral materials to college and university design programs for educational purposes.

We are committed to being a leader in the practical application of current and future technologies that will protect our environment today, and for future generations to come.

**Shipping/Routing**

Encore Seating offers a Delivered Freight Program for all products within this price list.

Title to all goods passes to the purchaser upon receipt by the transportation company. It is the responsibility of the purchaser or consignee to report to the carrier promptly upon receipt, and to settle with the carrier, any subsequent claims for loss or damage.

Products shipped via this freight program are for normal delivery only and do not include inside delivery, installation, unpacking or the removal of cartoning materials. Reconsignment charges are the responsibility of the customer. Any request for carrier “pre-delivery” notification should be noted on the purchase order. Additional charges will be determined on a per shipment basis. Encore reserves the right to ship via the most appropriate carrier and/or routing on all shipments. If the customer specifies a carrier other than a pre-approved carrier, freight will ship collect at the customer’s expense via that carrier.

Merchandise is shipped F.O.B. Cerritos, CA, freight prepaid and allowed. Encore maintains the right to determine whether an order ships cartoned and ready to assemble (excluding side chairs) or set-up blanket-wrapped.

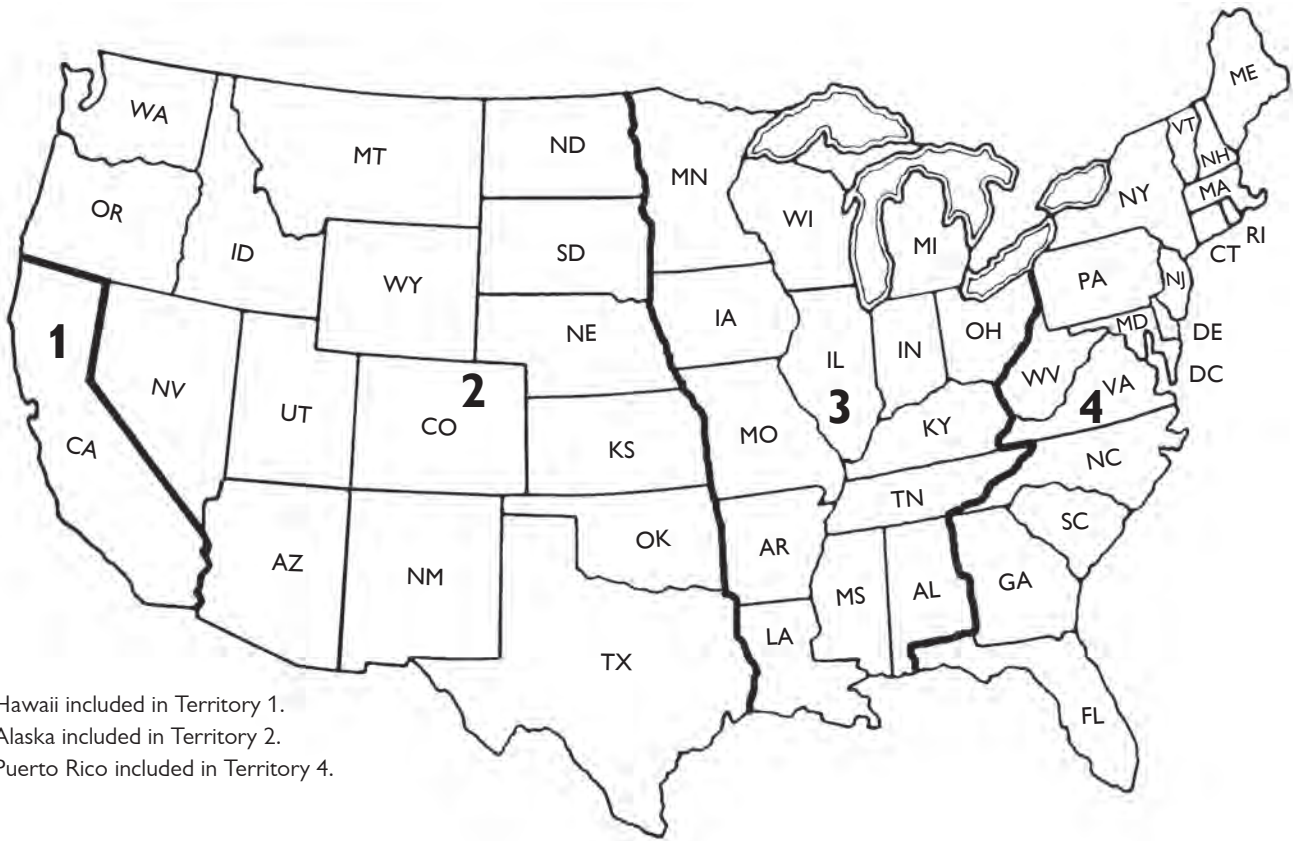

**Shipments to Territories 2, 3 and 4**

The freight program to territories 2-4 guarantees the product will be delivered freight prepaid to the designated consignee, based on a minimum shipment value of \$1200 NET<sup>†</sup>. If the value of the shipment does not meet the \$1200 NET<sup>†</sup> minimum shipment value, a freight surcharge per shipment will be assessed based on the destination territory as listed below.

<sup>†</sup>Minimum shipment value applies to one-piece shell chairs, Cerra XT chairs, side chairs and stack chairs. All other merchandise is exempt; however, if ordered in conjunction with the aforementioned products, the minimum shipment value will apply.

[ **FM** = Freight Minimum Applies ]

Destination	Freight Surcharge
Territory 1	No Surcharge
Territory 2	\$50 NET
Territory 3	\$75 NET
Territory 4	\$100 NET

\*Hawaii included in Territory 1.  
 \*Alaska included in Territory 2.  
 \*Puerto Rico included in Territory 4.

This program does not apply to the shipment of textiles and/or components.

\*Shipments outside the 48 contiguous U. S. are shipped to the point of embarkation (point leaving the U.S.) free of charge, if the shipment meets the minimum requirement. All subsequent freight charges will be at the customer’s expense, shipped collect.

Due to the fluctuation of fuel prices, Encore reserves the right to impose fuel surcharges to invoices for any shipments.

# Customer's Own Material

## Fire Resistance

Encore manufactures all of its chairs to comply with California Technical Bulletin #117 (Cal TB-117). If Customer's Own Material (COM) is specified, Encore is not liable for said COM fabric's non-compliance with Cal TB-117.

Certain jurisdictions require the use of additional fire retardants such as regulation California Technical Bulletin #133 (TB-133). All Encore models are available with the option to meet TB-133, with the exception of polypropylene stack chairs and knit-back models.

When ordering, please clearly specify your request for TB-133 compliance and refer to specific product pages for upcharge.

## Customer's Own Material

Encore allows customers to furnish their own upholstery material for any order. Please use Grade 1 pricing for COM fabrics, Grade 3 pricing for COV vinyls and Grade 5 for COL leathers. Yardage requirements are indicated on the price sheets for each chair model. All COM must be approved by Encore prior to scheduling. Collect shipments will not be accepted. Please furnish a sample cutting with the original purchase order so that identification can be verified.

COM's should be shipped prepaid to:

Encore Seating, Inc.  
13747 Midway Street  
Cerritos, CA 90703

Encore cannot be responsible for defects, color inaccuracies, dye or lot variations and other flaws and suggests our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM shortages, flaws or other such problems.

## Fabric Application

COM fabric is cut "up the roll" as a standard cutting procedure (see chart below). Customer must specify that the fabric be cut in another direction (i.e. "railroaded") if required.

It is imperative that all COM fabrics sent to Encore be "backed" with, at minimum, an acrylic or similar backing. We cannot be responsible for stretching of fabrics that are not backed subsequent to upholstery process.

## Yardage Requirements

COM yardage requirements shown in this price list are based on using fabric which is plain (i.e. non-directional) and a full 54" wide. Fabrics of narrower widths and/or that involve matching repeats will require additional yardage. Use the chart below to determine the necessary additional yardage for both directional fabrics and narrow width fabrics.

If you are using a printed or striped fabric with a repeat, use this table:

<u>Fabric Repeat</u>	<u>Increase COM Requirement by:</u>
4.9" and under	n/a
5" — 10.9"	12%
11" — 15.9"	18%
16" — 20.9"	21%
21" and over	24%

Yardage requirements may be less than indicated on large quantity orders. Contact Customer Service with specific chair quantities for exact yardage required. If you are using a plain fabric less than 54" wide, contact Customer Service for assistance.

## Encore Lifetime Warranty

Encore warrants all products to be free from defects in material and workmanship as described below. The company will repair or replace, at its option, without charge to the original purchaser only, defective products or parts that fail during normal use (normal use is defined as eight (8) hour days, five (5) days per week, 250 lb. user maximum). Field labor and service(s) are not covered under this warranty.

Lifetime warranty covers the following chair components: pneumatic cylinder, chair mechanism, foam, base, casters, frame and all other structural components, excluding stool footings and upholstery materials, for as long as the chair is owned by the original purchaser.

Stool footings are warranted from defects in material and workmanship for two (2) years from the original purchase date.

Encore upholstery fabrics, vinyls and leathers are also warranted from defects in material and workmanship for two (2) years from the original purchase date. COM, COV and COL are not covered by this warranty. Normal wear and tear is the responsibility of the specifier. Please consult with upholstery material suppliers for performance criteria of individual materials.

If product fails under normal use within the warranty period, please send description of the pertinent part, together with proof of purchase of the product to:

Encore Seating, Inc.  
Attn: Customer Service  
13747 Midway Street  
Cerritos, CA 90703  
Fax: 562.926.1963  
Email: sales@encoreseating.com

The foregoing warranty excludes any damages or defects caused by abuse of this product or its use for a purpose other than what the chair was intended. Encore Seating does not assume responsibility for unauthorized repairs to chairs that sustain damages resulting from user modification, improper assembly, attachments to product, misuse, alteration or negligent use of the product.

TO THE EXTENT ALLOWED BY LAW, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO THIS ENCORE SEATING PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THE ABOVE EXPRESSED WRITTEN WARRANTY.

LIMITATION ON LIABILITY: IN NO EVENT SHALL ENCORE SEATING BE LIABLE TO THE PURCHASER FOR ANY INCIDENTAL, INDIRECT, CONSEQUENTIAL, SPECIAL, OR EXEMPLARY DAMAGES OR LOST PROFITS, EVEN IF ENCORE SEATING HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Some states do not allow the exclusion or limitation of incidental or consequential damages, hence the above restrictions or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

# Intensive Use Warranty

## 24-Hour Intensive Use Limited Warranty

When chair usage requirement exceeds the standard single shift eight (8) hour day, five (5) days per week, 250 lb. user maximum, Encore Seating offers a **24-Hour Intensive Use** upgrade on selected models as listed below. 24-Hour Intensive Use is defined as: three eight (8) hour shifts, five (5) days per week, 350 lb. user maximum.

### 24-Hour Intensive Use upgrade features:

- Heavy-duty metal base to extend chair life
- Black base finish (Polished Aluminum not available)
- Heavy-duty gas lift to accommodate repeated operation by multiple users
- Heavy-duty tilt springs for increased mechanism durability
- Reinforced plywood seatboards to withstand impact and prolonged usage

### Limited 5 Year Warranty

Encore Seating warrants the 24-Hour Intensive Use upgrade when applied to the appropriate models for a period of five (5) years. Select fabrics (listed below) and foam cushioning are covered for two (2) years (please refer to standard product warranty policy for processing information).

The following models are available with the 24-Hour Intensive Use upgrade:

- Cerra - Task, Mid and High Back (T, M, H)
  - Model #831, Multi-Lever Task, Armless
  - Model #833, Multi-Lever Task, Adjustable T-Arm
  - Model #834, Multi-Lever Task, Fixed Cantilever Arm
  - Model #841, Task Intensive Management, Armless
  - Model #843, Task Intensive Management, Adjustable T-Arm
  - Model #844, Task Intensive Management, Fixed Cantilever Arm
- Saga - Task and Mid-Back (T, M)
  - Model #931, Multi-Lever Task, Armless
  - Model #933, Multi-Lever Task, Adjustable T-Arm
  - Model #934, Multi-Lever Task, Fixed Cantilever Arm
  - Model #941, Task Intensive Management, Armless
  - Model #943, Task Intensive Management, Adjustable T-Arm
  - Model #944, Task Intensive Management, Fixed Cantilever Arm
- Realm - Mid-Back (M)
  - Model #4141, Task Intensive Management, Armless
  - Model #4143, Task Intensive Management, Adjustable T-Arm
  - Model #4144, Task Intensive Management, Fixed Cantilever Arm

The following fabrics are warranted for two (2) years against defects in material and workmanship as applied to the 24-Hour Intensive Use upgrade guidelines:

- Allante Vinyl
- Insight
- Moda
- Origin
- Perk
- Stance

All other Encore Seating fabrics comply to the general upholstery warranty (refer to standard product policy on previous page).

### Ordering Example

## Multi-Lever Task Control

1. Seat Height
2. Seat Angle w/Infinite Lock
3. Back Angle w/Infinite Lock
4. Back Height Adjustment

- Seat Height adjustment easily raises or lowers seat to desired height. To raise, simply lift weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position.
- Seat Angle w/Infinite Lock lever allows for precise positioning of seat angle. Simply lift upward on lever until desired seat angle is reached. While the lever is in its uppermost position, adjustments can be freely made and then locked into place by pushing downward.
- Back Angle w/Infinite Lock lever provides precise, independent back angle control. To adjust, lift upward on lever until desired back angle is achieved. To freely make adjustments without holding onto the lever, move lever into uppermost position, then, when a comfortable back angle is reached, push downward on lever to lock into place.
- Back Height adjustment repositions back in multiple increments. To raise back height, simply lift upward on back until desired height is reached. To return to lowest position, raise chair-back to highest level and release to lowest position.

## Task Intensive Management Control

1. Tension Control Knob
2. Front Tilt Stop Lever
3. Tilt Lock w/Infinite Lock
4. Seat Height
5. Back Angle w/Infinite Lock
6. Back Height Adjustment

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Front Tilt Stop Lever allows additional forward tilt for optimum task performance. To operate, first release Tilt Lock w/Infinite Lock, then tilt seat backward slightly and push lever downward and back. To return chair to upright position, tilt seat back once again and pull lever forward and up to its original position.
- Tilt Lock w/Infinite Lock lever secures seat into any tilt position or allows seat to free float. To lock into a particular position, tilt seat to desired angle and press down on lever. To release, simply lift lever up.
- Seat Height adjustment easily raises or lowers seat to desired height. To raise, lift weight off seat and pull up on lever until seat reaches a comfortable height. To lower, lift up on lever while seated and release to lock seat into desired position.
- Back Angle w/Infinite Lock lever provides precise, independent back angle control. To adjust, lift up on lever until desired back angle is reached. To freely make adjustments without touching lever, move lever into highest position, adjust back angle, then push lever downward to lock into place.
- Back Height adjustment repositions back in multiple increments. To raise back height, simply lift upward on back until desired height is reached. To return to lowest position, raise chair-back to highest level and release to lowest position.

## Executive Management Swivel Tilt Control

1. Tension Control Knob
2. Seat Height/Tilt Lock
3. Back Height Adjustment

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Seat Height adjustment easily raises or lowers seat to desired height. To raise, simply lift weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position.
- Back Height adjustment repositions back in multiple increments. To raise back height, simply lift upward on back until desired height is reached. To return to lowest position, raise chair-back to highest level and release to lowest position.

# Chair Controls

## Conference/Executive Swivel Tilt Control with Tilt Lock

1. Tension Control Knob  
2. Seat Height/Tilt Lock

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Seat Height/Tilt Lock lever raises or lowers seat to desired height and locks seat into starting position in one convenient mechanism. To raise, simply lift

weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position. To lock chair-tilt into starting position, push lever inward. To release tilt lock mechanism and free-float, simply pull lever outward.

## Conference/Executive & Executive Management Knee-Tilt Control

1. Tension Control Knob  
2. Seat Height/Tilt Lock

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Seat Height/Tilt Lock lever raises or lowers seat to desired height and locks seat into starting position in one convenient mechanism. To raise, simply lift

weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position. To lock chair-tilt into starting position, push lever inward. To release tilt lock mechanism and free-float, simply pull lever outward.

## Executive Management Synchro Knee-Tilt Control

1. Seat Height/Tension Control  
2. Multi-Position Tilt Lock  
3. Back Height Adjustment\*

- Seat Height/Tension Control easily raises or lowers seat to desired height and allows for more precise spring tension adjustment. To raise, simply lift weight off seat and pull upward on handle until seat reaches a comfortable height. To lower, lift upward on handle while seated and release to lock seat into desired position. To adjust tension for a firmer or softer tilting motion, turn knob counterclockwise to increase tension, clockwise to decrease tension.
- Multi-Position Tilt Lock lever secures seat into multiple tilt positions or allows seat to free-float. To secure chair at a particular

tilting angle, adjust chair to desired position, then turn lever clockwise to lock into place. To release, turn lever counterclockwise, then lean into chair back. This mechanism also includes an anti-kick feature that prevents chair back from jolting forward when Tilt Lock is released.

- Back Height adjustment repositions back in multiple increments. To raise back height, simply lift upward on back until desired height is reached. To return to lowest position, raise chair-back to highest level and release to lowest position.

\*If Applicable

**Executive Management  
Synchro-Tilt Control**

1. Tension Control Knob  
2. Seat Height  
3. Multi-Position Tilt Lock  
4. Back Height Adjustment\*

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Seat Height adjustment easily raises or lowers seat to desired height. To raise, simply lift weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position.
- Multi-Position Tilt Lock lever secures seat into multiple tilt positions or allows seat to free-float. To secure chair at a particular

tilting angle, adjust chair to desired position, then push lever backward to lock into place. To release, pull lever forward, then lean into chair back. This mechanism also includes an anti-kick feature that prevents chair back from jolting forward when Tilt Lock is released.

- Back Height adjustment repositions back in multiple increments. To raise back height, simply lift upward on back until desired height is reached. To return to lowest position, raise chair-back to highest level and release to lowest position.

**Cerra XT  
Synchro Knee-Tilt Control**

1. Seat Height  
2. Tilt Lock  
3. Tension Control Knob  
4. Back Height Adjustment

- Seat Height adjustment easily raises or lowers seat to desired height. To raise, simply lift weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position.
- Tilt Lock lever secures seat into starting position or allows seat to free float. To release, pull lever outward.

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Back Height adjustment repositions back in multiple increments. To raise back height, simply lift upward on back until desired height is reached. To return to lowest position, raise chair-back to highest level and release to lowest position.

**Nexxt Basic Task Control**

1. Seat Height

- Seat Height adjustment easily raises or lowers seat to desired height. To raise, simply lift weight off seat and pull upward on lever until seat reaches a comfortable height. To lower, lift upward on lever while seated and release to lock seat into desired position.

\*If Applicable

## Chair Controls

### Nexxt Swivel Tilt Control

1. *Tension Control Knob*
2. *Seat Height*

- Tension Control Knob allows for greater spring tension control for a firmer or softer tilting motion. Turn counterclockwise to increase tension, clockwise to decrease tension.
- Seat Height adjustment easily raises or lowers seat to desired height. To raise, lift weight off seat and pull up on lever until seat reaches a comfortable height. To lower, lift up on lever while seated and release to lock seat into desired position.

**Width Adjustable Arms**

1¾" horizontal adjustment per arm.

**Pivot Arms**

15-degree horizontal swivel arm pad adjustment inward or outward.

**Seat Slider**

2½" front and back horizontal seat depth adjustment.

**Stool Option**

Extended 10" lift.

**Standard Base**

Polished Aluminum or Brushed Aluminum finish (select models only).

**High Profile Base**

Polished Aluminum finish (select models only).

**Jury Base**

Satin Black finish

**Soft Tread Casters**

55mm diameter soft rubber wheel for hard surface floors.

For the ultimate timesaving solution, Encore offers the **QuickTime** Program. Featuring a wide variety of quick-ship fabric options, in addition to accepting Customer's Own Material (COM), the **QuickTime** program allows product to be ordered today, for a guaranteed ready-to-ship status within seventy-two hours. For available models, just look for the **QuickTime** icon throughout this Price List.

### **QuickTime Terms & Conditions:**

- Maximum Purchase Order quantity of 25 units (in any combination).
- Product will be complete and ready to ship within 72 hours upon acceptance of Purchase Order.
- QuickTime Purchase Orders must be placed separately from standard lead-time Purchase Orders – no split Purchase Orders allowed.
- COM/COV acceptable – 72 hour manufacturing time begins subsequent to receipt of COM fabric or vinyl.
- All standard options (excluding TB 133) available.
- Encore reserves the right to choose method of shipment.

- One-piece, compound curve shell
- Three standard arm options
- Adjustable T-arms available in black or chrome trim detail
- 4" arm height adjustment as standard
- Black adjustable T-arm finish is standard unless specified otherwise
- Fixed back height
- Front and back stitching details
- Black nylon base standard
- Polished Aluminum or Brushed Aluminum base available
